"In view of the slanderous and false statement of the Navy League, reflecting upon the honesty of the naval administration and the integrity of officers of the navy, for which responsibility is accepted by its officials, votice is hereby given to the public that the Navy Department has directed that no officer, agent or representative of the Navy League will be admitted to any naval station, naval reservation or ship in the navy.

Warns Contributors Col. Thompson Is Hit Statement by Accused Officials

The Navy League to-day issued the following statement:

"The Navy League learns that Josephus Daniels has announced the report of the naval board conducting the preliminary inquiry into the Mare Island and explosion is now in the mails en route to Washington.

League Attacks Daniels

"That inquiry began July 10. It has taken Mr. Daniels forty days to get a preliminary report on the physical, surface facts of an explosion that caused the death of five persons, the injury of thirty-one, and the destruction of important government property. It will take him forty days or longer to establish the simple fact of the existence or non-existence of a time-fuse was discovered. In the reports of the explosion published here no mention of a time-fuse was made. If there was such a current rumor, Mr. Daniels, where did exceed the war depends."

EXCURSIONS

Unfairness Alleged

"Without inquiry Mr. Daniels who had not seen the statement, who was sick in bed at his home in Southampton, L. I., and had nothing to do with the lincident. Colonel Thompson, however, loyally assumed full responsibility.

"If the really surprising effect produced upon Mr. Daniels by the league's statement has been in any way responsible for the alacrity with which Mr. Daniels has since located a report about which he was before completely uninformed, the league cannot profess to be sorry. Otherwise it regrets Mr. Daniels's tendency to resort to abuse the cause the league is anxious to obtain from Mr. Daniels, for public enlightendment, a full and measured discussion of his labor policy that apparently underlies the Mare Island case and is vitally important to the supply of ships, warships and merchant ships, upon which we are told our chances of victory in the war depends."

## The Weather Report

FREEHOLD, N. J., Aug. 17. - The 3:29-771 sound of six revolver shots came to the ears of John H. Dubois, a farmer, as he was hoeing potatoes at noon today near a patch of woods on the Jer- 5:30seyville Road, near here. The fusillade

floated up from among the trees. Call-ing his hired man and his son, he went to investigate. On a rough road which ran through the woods stood an empty automobile. Near it was a flaming ob-ject. As the men drew nearer they found it was a human body, saturated found it was a human body, saturated with gasolene.

That is how the murder of James Casale, a huckster, of Old Bridge, N. J., was discovered to-day. To-night Sam and Tony Farinella, of Jamesburg, are jailed here, charged with the crime.

Shortly after noon two automobiles were seen on the Jerseyville Road going toward the woods where the body was found. Daniel Ayres, of Jerseyville, met the machines and swears that he recognized Sam Farinella as the driver of the first car. Late this after-

Tony was arrested later at his home, in Jamesburg. He also insists that he knows nothing of the murder.

According to reports here, a brother of the Farinellas was murdered at Old Bridge several months ago since then Casale has been a boarder at the home of his widow. The police believe that this may have furnished the motive for the murder.
